Did the student-athlete's participation exceed the legislated limits of competition/participation associated with this request?*	Yes												
Explain why the student-athlete participated beyond the legislated limits of competition/participation associated with this request*	Student-athlete suffered a season ending injury in the 6th game of the season.												
Describe the facts associated with this request*	Corey Coley has endured hardships in every year of his collegiate enrollment. His freshman year at Maryland, due to injuries on the team, Corey participated in 9 contests and was unable to redshirt to develop physically and mentally. His sophomore year, he participated in 10 contests, however, he sustained an injury (torn meniscus) that kept him out of the first 2 games of the year and plagued him throughout the season. In his junior year, he dealt with the his uncle having pancreatic cancer, he missed 2 games during the middle of the schedule but was able to return to the roster and compete during the remainder of the season. Finally in his senior year, he sustained an ankle injury in his 4th game that he played through and then sprained his LCL in his 6th game that has kept him out for the remainder of the fall 2024 season.												
What are any relevant mitigating circumstances that should be considered when reviewing the request?*	The mitigation to consider in this case is Corey's collective struggles throughout his collegiate career. While he competed beyond 30% of the competitions and beyond the mid-way point in all four seasons, Corey's circumstances outside of his control negatively impacted his overall athletic participation to the point he was unable to have a meaningful and impactful opportunity in college athletics. He dealt with multiple injuries, a family member having pancreatic cancer and passing away, and mental health struggles throughout his 4 years of collegiate enrollment. Corey outlines these circumstances thoroughly in his personal statement. Additionally, discussions regarding NCAA legislation changing to allowing 5 years of participation within a 5-year period of eligibility would apply to Corey who has not redshirted to this point in his collegiate career. Based on all of these circumstances, NC State requests Corey receive an additional season of competition for him in his 5th year of of his 5 year period of eligibility.
